

BIO-CLEAN

Cleaning concentrate

Item no. 832 010 Canister 10 l

Item no. 832 010 Item no. 832 025 Item no. 832 200

PRODUCT DESCRIPTION:

Bio-Clean is an ideal solvent-free all-purpose, engine and machine cleaner. It removes oil, grease and dirt deposits in an environmentally neutral process that protects the material. The very high proportion of the active agent ensures outstanding cleaning power. It causes no irritation – even with extended use – and is viscous, water-dilutable and does not break up underbody protection or cavity protection.

APPLICATION AREA:

Good-quality car shampoo 1:40 to 1:50
Also suitable for automatic/tempered parts washing systems up to 60 degrees

Mixing ratio up to 1:40 depending on soiling and temperature

ph-value:

at 1°C: 7,5
at 20°C, 100 %: 9,0

BENEFITS:

- biodegradable
- neutral scent
- high proportion of active agent

PROPERTIES:

Mixing ratio: **Bio Clean: Water**

Engines, machines and vehicle underbodies: **1:5**

Trucks, tarpaulins and chassis: **1:10 to 20**

Workshop floors, facades, walls, etc.: **1:20 to 50**
