

NEOVAL OIL MTO310

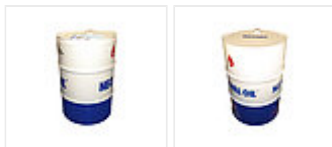

High-performance mineral oil

Item no. 821 005 Canister 5 Lt.

Item no. 821 005 Item no. 821 010 Item no. 821 025

Item no. 821 060 Item no. 821 200

PRODUCT DESCRIPTION:

NEOVAL is an acid- and resin-free mineral oil with high proportion of additives. Silicone-free, solvent-free and anti-static. Its degree of chemical optimisation for delivering outstanding performance is absolutely unique. This product's wide range of uses and long-lasting reliability make it one of the best in its category.

APPLICATION AREA:

For lubricating all moving parts in metal, plastics, textile and paper processing. Outstanding penetrating and sliding properties. Neutral to plastic and rubber. Particularly suitable as lubricating oil, drilling oil, penetrating oil and corrosion protection oil. Guaranteed deposit-free long-lasting lubrication with high pressure resistance.

BENEFITS:

- never clogs up or becomes resinous, free from acids, sulphur and silicone
- very high penetration capacity, UV resistant
- reduces friction, temperatures and wear
- material does not become brittle or swell up
- neutral to plastics and sealants
- Solvent-free
- Specially suited to precision mechanics

PROPERTIES:

Kinematic viscosity at 40°C: 4.8-5.2 mm²/s

Density at 20°C: approx. 0.82 g/ml

Item no.	Contents	Container	Quantity
821 005	5 Lt.	Canister	
821 010	10 Lt.	Canister	
821 025	25 Lt.	Canister	
821 060	60 Lt.	Barrel	
821 200	200 Lt.	Barrel
